IBM SkillsBuild

Get started by creating an IBMid

USE YOUR PERSONAL MAIL ONLY
(not the college ID)

Sign-in update:
We've simplified how you access IBM SkillsBuild. You can now sign in using either Google, Github or an IBMid.

Returning users:
If you previously signed in with LinkedIn or "Log in with Email," you'll need to set up a new way to sign in to keep your progress. To continue where you left off, sign in with Google or create an IBMid using the same email address you used before. If you already have an IBMid with that email, just click "Log in." You're not creating a new account — just a new way to sign in.

New users:
To get started, sign in with Google or create an IBMid using your email address.

Email verification:
We'll email you a verification code. Check your inbox (and spam folder, just in case) for an email from IBMid (ibmacct@ibm.ibm.com), then enter the code to complete your sign-up.

About this digital credential

This credential earner demonstrates knowledge of artificial intelligence (AI) concepts, such as natural language processing, computer vision, machine learning, deep learning, chatbots, and neural networks; ethical AI; and the applications of AI. The individual has a conceptual understanding of how to run an AI model using IBM Watson Studio. The earner is aware of the job outlook in fields that use AI and is familiar with the skills required for success in various roles in the domain.

Language: English, Arabic, Brazilian Portuguese, Chinese (Traditional), Czech, French, German, Hindi, Indonesian, Japanese, Spanish
